

The image shows the interior of a bistro or cafe. In the foreground, there are several high-backed chairs with ornate, painted upholstery and long, light-colored fringe. Behind them is a dark wooden bar with a white countertop. The back wall features a large, arched display case filled with various bottles of liquor. To the left, there are shelves with more bottles and a candelabra with lit candles. To the right, a large, multi-tiered chandelier hangs from the ceiling. The overall atmosphere is warm and sophisticated.

The Menu

Led by James Beard nominated Chef Chester Hastings, our culinary point of view begins with the bistro and looks toward the Mediterranean. Inspired by the Côte d'Azur and coastal regions of Southern Europe, we cook with the seasons, letting exceptional ingredients lead the way. Fresh herbs, bright citrus, beautiful vegetables, simple proteins, extra virgin olive oil and high heat define a style that is fresh, bright and elevated, with just the right amount of indulgence.

Our beverage program follows the same philosophy, with thoughtfully selected wines, spirits and seasonal cocktails built around fresh ingredients, botanical infusions and house made elements. Together, the kitchen and bar capture what we love about California Bistro cuisine. European at heart, Californian in its ingredients and sensibility, and always centered around simple things done exceptionally well.

Every occasion deserves its own experience. Our culinary and beverage teams work with you to create menus around your tastes, dietary needs and vision, from the first bite to the final pour. **Bespoke catering for every taste.**
